A Report Compiled by
LEVI WATKINS
Executive Secretary
THE PARSONS COMMUNITY SERVICE FUND

April, 1947
The Parsons Community Service Fund

PREFACE

Board of Directors,
The Parsons Community Service Fund:

I am pleased to present this report in the form of a directory as another in my series of studies of Negroes in Parsons. While the subject-matter of this report will need constant revision, it is my opinion that it is sufficiently permanent as to prove indeed helpful in the administration of our Service Program and in solicitation during the annual financial campaigns.

For valuable help in the collection of data, acknowledgment is given to Jesse Abernathy, Charles Caldwell, Mary Louise Fontelroy, Richard Fant, Harrison Gross, William Jones, Jesse Merida, Emma Myers, and Rose Shaw—all students in the Douglass Civics Class with Mrs. Mary E. Lee as Acting Instructor. Appreciation is given to Miss Castella Abernathy, my secretary, for many diligent hours of stenography. For numerous corrections in the manuscript, acknowledgment is given to Miss Fern Willis, Mrs. Alice Frey, and Mrs. Lee of the faculty at Douglass Junior High School where I am privileged to work as principal and an humble community servant.

Respectfully yours,

LEVI WATKINS,

Executive Secretary

April 1, 1947

MEMO

Through the co-operation of prominent business friends whose advertisements have provided supplementary funds, THE PARSONS COMMUNITY SERVICE FUND is proud to make copies of this report available to the public on a non-profit basis and at the lowest possible cost. PCSF herewith expresses its appreciation for the support of its friends.

It is firmly hoped that the nature and possible usefulness of this report will make it handy reference work for the public and an instrument of greater opportunities for the service program of the PCSF.

GEORGE ELLISON LAKES,

President

April 1947

PARSONS, KANSAS

Parsons, with an estimated 15,000 population, is located in Labette County, Kansas. It is a First Class city offering excellent schools, good churches, fair employment opportunities, and fine people with pleasant racial relations.

POPULATION SUMMARY

Adult male	416
Adult female	457
Total male population	612
Total female population	672

TOTAL NEGRO POPULATION1284

Negro residents thus comprise 12% of the estimated total population.

FAMILIES AND HOMESTEADS

Parsons has 603 Negro families who maintain 403 homesteads. (For purposes of this classification, any adult, with or without spouse, or dependents, but who maintains residence in Parsons is considered a **family**. A place of residence for one or more families is considered a **homestead**.) The population of city wards is distributed as follows:

Ward	Families	Homesteads	Population
1	85	59	196
2	82	53	160
3*	434	289	925
4	2	2	3

* Includes the adjacent rural districts.

Four hundred and fifteen families, or 867 individuals have telephone contact in the immediate homestead as is indicated in this report. These figures represent approximately 69% of the families and approximately 67% of the total population.

The average family includes 2.16 members; the average homestead 3.18 individuals. According to the family survey reports 403 families claim ownership of their home, or are purchasers under contract. Twenty-eight percent of the families are headed by females.

EDUCATION

Negroes attend six of the ten public schools with the following enrollment figures: Junior college 16, senior high school 20, Douglass junior high 61, East junior high 6, West junior high 14, and Douglass elementary 192. The total public school enrollment is 323.

Enrollment in the two parochial schools is presently none, while the private local business university has 20 students (all veterans) enrolled.

The current pre-school population is 134 children.

Fourteen adult residents hold the bachelor's degree; two the master's while 41 have diplomas, or their equivalent, from a two-year college program. Of this group there are twelve public school teachers and 10 private music teachers.

Douglass junior high division, organized in 1940, is the only fully accredited four-year separate junior high school in the state and maintains membership in the Kansas State High School Activities Association. Chapter No. 446 of the National Honor Society was granted the school in 1946 and seven students now maintain membership.

Negroes have free and unrestricted use of the public library where appreciable improvement is recently made, including materials by, for, and about Negroes.

BUSINESS

Negroes own and operate 42 business places distributed as follows: 2 billiard parlors, 4 beer parlors, 9 cafes, 6 beauty shops for Negroes, 1 beauty shop for white people only, 1 soda fountain, 1 insurance agency, 2 barber shop for Negroes, 3 barber shops for white people only, 6 rooming houses, 4 shoeshine parlors, and 1 tailor shop. In addition, they operate a funeral establishment.

RELIGION

Negroes worship in seven all-Negro churches though a scattered minority infrequently participate in "white" churches of faiths not represented in the all-Negro group. There are two Missionary Baptist churches, one African Methodist Episcopal, two Church of God in Christ, one Methodist, and one Christian church. While not necessarily active members in any specific local church, the numerical strength of the major denominations are: Baptist 599, Methodist 328, Church of God in Christ 143, and Christian 77. Total church following is 1151.

The local pastors are distributed thusly: Baptist 2, Methodist 3, Christian 1, and Church of God in Christ 1. Two local churches have out-of-town pastors. There are 17 resident ministers who include 5 Baptist, 5 Methodist, 5 Church of God in Christ and 2 Christian.

The seven churches operate Sunday schools with 29 regularly appointed teachers.

EMPLOYMENT

While job location figures are available conditions are not sufficiently permanent to warrant inclusion in this report. However, the M-K-T Railroad Company, the Kansas Ordnance Plant, and the Parsons City Schools rank first, second, and third, respectively, in the employment of Negroes. In general Negro males follow, according to the survey, non-skilled jobs void of organized labor benefits, while females do domestic work primarily. Significant, however, is the fact that one A. F. of L. unit, the International Brotherhood of Firemen and Oilers, Local No. 429, currently has a Negro holding the office of Secretary-Treasurer. Meanwhile, the International Brotherhood of Trainporters is engaged in litigations to allegedly maintain job security.

LISTINGS, OMISSIONS, AND ERRORS

Precaution has been taken to avoid omission of name and data for any person, institution, or organization and to ascertain the accuracy of data. Should errors, or omissions, occur such is purely unintentional and void of prejudice toward any individual, institution, or organization.

Listings are not intended as legal evidence, because accuracy in some instances is a function of the validity of information furnished by individual residents and time and cost prohibited extensive verification. Nor are listings, except paid advertisements, made as favor to any individual, firm, institution, or organization, but simply as presentation of information pertinent to Parsons, Kansas.

EXPLANATION OF LISTINGS

All entries are made in the following order:

A. First Lines—

1. Name of family head
2. Family address
3. Number of telephone contact
4. Notation of home ownership, if claimed—see "H"
5. Religious faith, if reported, abbreviated thusly:
 - Bapt — Baptist
 - Cath — Catholic
 - CGC — Church of God in Christ
 - Chris — Christian
 - Meth — Methodist
6. Notation, "Serv," if now serving in Armed Forces

B. Second Lines—

1. Name of wife, if any, printed in capital letters
2. Her religious faith, if different to family head
3. Names of children in alphabetical order—surnames of children is given also if different from family head.
4. Religious faith of children, if different from family head or wife and mother.

C. Third Line (if any)—

1. Continuation of names of children
- D. For convenience in locating certain minors living under different family names, such minors are listed, thusly: "BROWN, DONALD—see YOCUM, CHERRY."
